

CHAMBERLAIN ASSOCIATION OF AMERICA
“CHAMBERLAIN COLLECTION”

Contents of Grey Box No. 5

prepared by Geraldine R. Burden, Judy Biebesheimer, George Richard Chamberlin

In this box are found index cards for each CAA member indicating the member's date of separation from the CAA or member's date of death. Many cards indicate either a family group number or a page number in the Chamberlain book that was then under construction. Some cards contain additional ancestral information. There is a section of small pink cards dated 1914. These pink cards appear to be names and addresses for persons writing letters of regret for the death of Joshua Lawrence Chamberlain. The top line on the original cards indicate the name and member number of the member. On some scanned cards, the top line of the card is cut off or not readable. After comparing names to the first 600 member found in grey boxes 1 and 3, some cards in box 5 cannot be merged. More research is necessary to perfect this box. The records described below are found in the *Chamberlain Collection* at the New England Historic and Genealogical Society, Boston, MA.
